

Dear Plan Member,

To establish the amount of coverage available for nursing care under your group benefit plan, Canada Life requires you to apply for a pre-care assessment. A pre-care assessment should be applied for before nursing care begins. To apply for a pre-care assessment, the enclosed Nursing Care Health Assessment form must be completed in full and sent to Canada Life.

If you have not done so already, you will need to apply for your provincial health care plan for home care services. You will also need to advise the provincial home care case coordinator / manager assigned to your case that you are applying to your private health care benefits plan for supplemental nursing benefits and authorize the provincial health care plan to exchange information with Canada Life.

Step 1: The Nursing Care Health Assessment form is divided into four parts. To help avoid a delay in the completion of the pre-care assessment, please be sure to write legibly and complete the entire form as follows:

- Part 1: Patient information *to be completed by the plan member*. Please note that your Plan Number and Plan I.D. Number must be indicated on the form.
- Part 2: Current medical information to be completed by the patient's physician.
- Part 3: Confirmation of eligibility and coverage for provincial home care to be completed by the provincial home care case coordinator / manager.
- Part 4: Authorization to be completed by the plan member and the patient.

Step 2: Once Canada Life receives the Nursing Care Health Assessment form completed in full, we will review the medical information, contact your provincial home care case coordinator / manager to confirm the services you are receiving, and review your coverage to determine the amount of nursing care coverage available under your group plan.

Step 3: Once we have completed the pre-care assessment, we will let you know in writing what amount, if any, of nursing care coverage you are eligible for reimbursement under your group plan.

If you have any questions about nursing services, please check your employee benefits booklet or call our line toll-free at .

Sincerely,

The Canada Life Assurance Company
